

## Premier Partner PPE Program for NECA Contractors

As Premier Partners of NECA, Graybar and 3M are working together to help provide a selection of needed personal protective equipment for NECA contractors. A list of in scope products, including respirators, faceshields, eyewear, gloves and disinfectant cleaner, is available through the secure NECA-member site.

Orders will be processed by Graybar's Strategic Accounts team, at the Graybar prices listed below and will ship from our central warehouse to minimize expenses. Product availability for this program is limited and subject to change. To enable work supporting healthcare and critical infrastructures, those orders will be prioritized. Once the NECA survey is completed, Graybar will return a confirming quote to each NECA contractor. Changes will require a new submission.
